

NanoDays™

The Biggest Event for the Smallest Science!

The hunt for nano in Maine begins at Maine Discovery Museum

April 12, 2014: 1:30pm-4:30pm—April 13, 2014: 1pm-3pm

for presentation and demo schedule and age recommendation check our monthly calendar or visit our website

Welcome to Nano Days, a nationwide event celebrating nano scale science and engineering. Nano science is the science of the tiniest things—so small you cannot see nano, but you can smell, taste, touch, hear, and even wear nano!

Join Maine Discovery Museum for 2 afternoons of hands-on Nano science fun!

Nano Demos & Drop-ins

Games-Challenges-Prizes !

Electroplate Coins

Play with Memory Metal

Watch Capillary Action

Make Molecular Art

Move Ferrofluid

Create Iridescence

Ooblec

Real Invisibility demo

You-in Nano meters!

Self Assembling Slime Balls

Win prizes in Nano “I Spy”

Put on the Electric Squeeze

Play the Power of 10 game

Check out Nano Plants and Nano Pants
